Dear Jeff,

Avcorp 2016 Supplier of the Year Award

Avcorp Structures & Integration is pleased to announce Metalex Manufacturing Inc. as a deserving recipient of our Supplier of the Year award for 2016.

Metalex has a long history with Avcorp and continues to provide machined components to Avcorp on our F35 program. Throughout this time, Metalex has been an integral part in providing quality products and services which has contributed greatly to the success of our manufacturing operations and performance with our customer. We pride ourselves on customer satisfaction and set exceptionally high standards for supplier quality. Recognizably we are only as successful as that of our supply chain and best in class suppliers like Metalex.

This is our fifth year commemorating this achievement. Since we are a publically traded company, we would like to announce your acceptance of this award through our next formal press release.

On behalf of Avcorp, please extend our thanks to your team for your efforts in achieving this award. We look forward to continued success working towards a rewarding 2017.

Sincerely,

A handwritten signature in blue ink, appearing to read "Zoltan", followed by a long horizontal flourish.

Zoltan Nemeth, Senior Buyer

Cc: Tamara Gerhardt, Procurement Manager
Amandeep Kaler, General Manager
